The following pages tell an alarming, shocking, **offensive tale**.

But it is true.

And you must read it, if you want to **stop** the promotion of violence.

Wikia, Inc.

*was founded by **Jimmy Wales**, the creator and leader of Wikipedia*

He and his investment partners from **Bessemer Venture** (\$4 million invested) and **Amazon.com** (\$10 million invested) wanted to see if they could make money from advertisers on commercially-supported wikis similar to Wikipedia.

It's a pretty **cool idea**.

But they haven't kept tabs on what's being **created**.

They've created a **monster**.

One of the popular Wikia sites is devoted to

Spanking Art

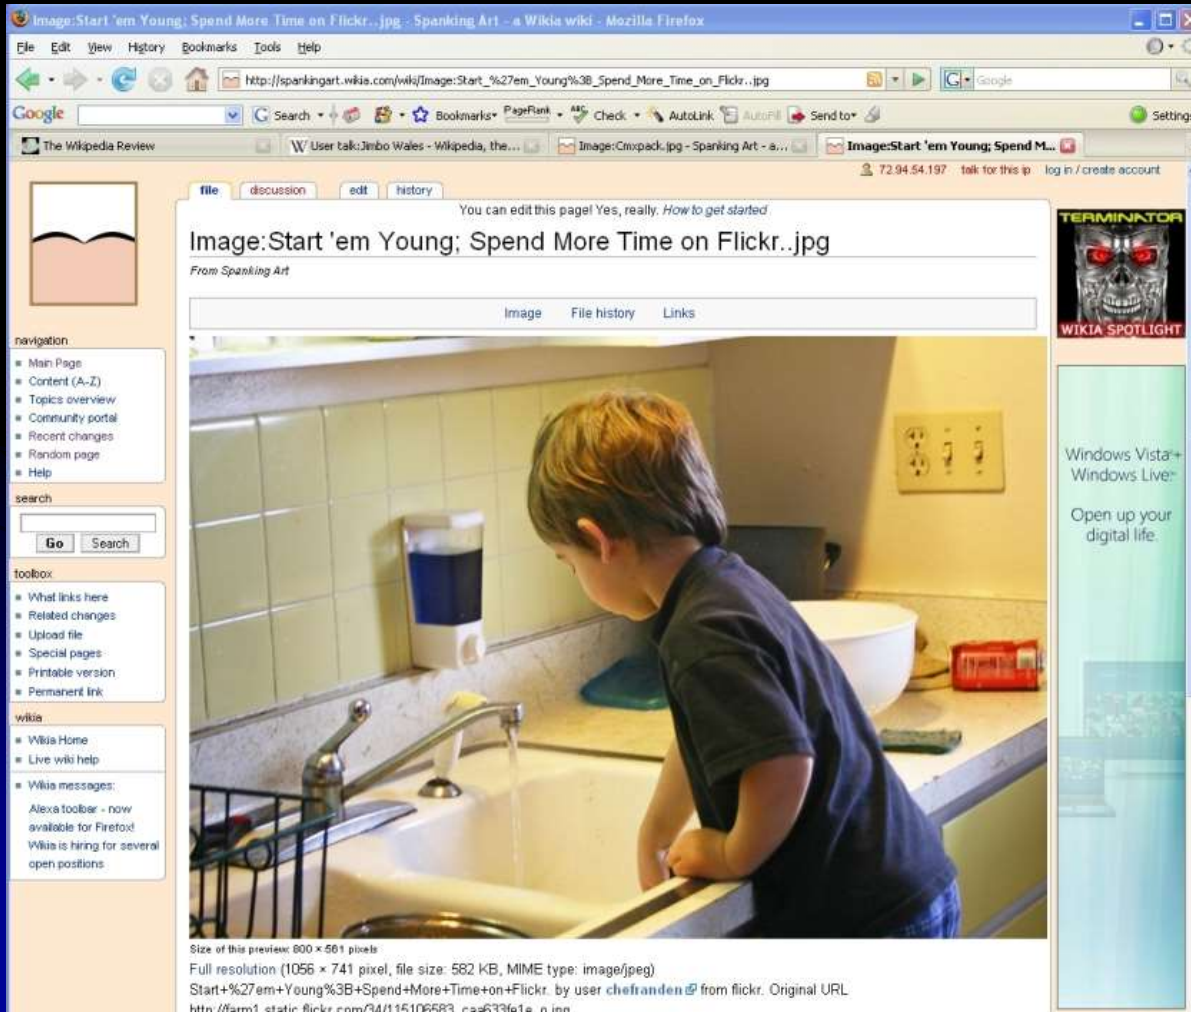

*What the heck is **spanking art**?*

Well, get ready to see some of the pages about **Spanking Art**.

You will be **shocked**.

You may be **offended**.

The sink is white, and the countertop is light-colored. A soap dispenser is visible on the counter. The background shows a tiled wall and a white sink. The page includes a navigation menu on the left with links like "Main Page", "Content (A-Z)", and "Community portal". There is also a search box and a toolbox. A sidebar on the right contains a "TERMINATOR WIKIA SPOTLIGHT" image and a "Windows Vista+ Windows Live" advertisement.

Ponygirl bitgag

Image:Ponygirl bitgag.jpg

From Spanking Art

EASY PONYGIRL BITGAG

You need a cylindrical piece of wood, preferably with drilled-through holes at the end, and some thin rope of about 2.7-3.0 m / 9-10 ft length (fig.1).

Trickier: Use knots instead of holes (fig.2). In this case the knot-side goes into the pony's mouth.

If you think that ponygirls should be seen but not be heard, slide a drilled-through nerf-ball or something similar over the piece of wood (fig.3).

Now put the bitgag into the eager ponygirl's mouth and follow fig.5 to fig.6 in tying the knots over her nose and at the back-side of her head.

These knots are permanent and don't have to be loosened or retied for the ponygirl to be un- or rebridled.

Fasten the bitgag according to fig.6 and you're set (fig.7).

If you don't want to retie the frontal knots every time you bridle your ponygirl, mark the location of the knots on the rope and tie some rings into the chin-loop at these points (fig.4).

Wait a minute.

That may be weird and creepy
and raunchy. But none of that
exactly “promotes” violence
against children.

Well, get ready to see the worst of it.

You will be shocked.

You will be offended.

And here is one which reasonable critics were assured doesn't depict violence against "real" children, so it's okay.

What is your opinion of **Wikia** now?

We've already tried talking to **Jimmy Wales** about his company's problem with promoting child abuse. They agreed to remove a few of the images from **Spanking Art**, but 75% of those you saw here remain in place there.

We were told that "most people" understand that **Advertisers** on that site don't have any control over where their ads run. Of course, this isn't true.

That means to make **Wikia** wake up, we need to cut off the **Advertisers**.

Why don't **you** give them a call?
